On August 13th, 114 homes were flooded in the Greenbriar I neighborhood of Brick Township, forcing many residents' homes to become uninhabitable. In collaboration with Community Organizations Active in Disaster (COAD), Northern Ocean Habitat for Humanity is committed to rebuilding in Greenbriar.

**rebuilding together,
brick by brick.**

Repair Program Updates

Our home repair program has kept us very busy and we have made great strides. With the help of our volunteers, we have successfully completed almost 200 home repairs to date. Thank you to all of our donors, partners, and volunteers!

What we've been up to....

Our Restore Celebrated it's 1st Birthday!!

It's been a great first year at the new **1214 Rt 37 East** location and we wanted to celebrate the efforts of our staff and volunteers.

It was a fun event! The ReStore accepts donated furniture and household items and sells them with the proceeds funding our efforts to provide decent housing.

Building Homes From the Heart

Gloria was selected as our 19th partner homeowner for our Building Homes from the Heart program. We are excited that she and her two daughters will soon have a place they can call home thanks to our generous donors and volunteers.

This past month we were able to "Raise the Walls" with one of our incredible donors, Family First Funding! Their team came out and volunteered alongside Gloria, helping us make great progress.

Further progress was made by our friends at Wells Fargo who spent the day volunteering in mid-October! Thank you to everyone for your continued support. Stay tuned for updates and [learn how](#) you can become a volunteer!

Looking ahead...

We have some great events coming up!

We will be raising funds on our Facebook [page](#) and our [website](#). Every gift helps a family build a foundation. With your financial support, families in Northern Ocean County can build strength, stability and independence with Northern Ocean Habitat for Humanity by building or repairing a safe and secure place to call home.
